Announcement Extraordinary!

Commencing at an early date the POPULAR THEATER will introduce to Honolulu "THE PERILS OF PAULINE" in serial, staged weekly by the FAMOUS PATHE PLAYERS. In connection with this mammoth production "THE PERILS OF PAULINE" will run in serial form, in the Honolulu Star-Bulletin. Each Saturday you will find one of the most fascinating stories ever written, and the following week the action of the story will be shown at the POPULAR THEATER. "THE PERILS OF PAULINE" is presented by the Hearst Sunday newspaper through States and has proved such an unqualified success that numerous imitations. None, however, can compare with the original serial film. Any similar film can be readily branded as a rank imitation. HARRY LAUDER is behind "THE PERILS OF PAULINE" and that of PATHE is the world of filmdom.

SHERIFF ROSE SAYS NO SUNDAY PICTURE SHOWS

Anti-Saloon League Under Ban as Well as Performance of Amusement Company

Sheriff Charles Rose has taken a bold stand against the presentation of moving picture shows in Honolulu on the Sabbath.

Under the direction of a religious body, a private corporation all such forms of entertainment will continue to be on the tabu list and infractions of the regulation will be followed by a vigorous prosecution.

"There will be no moving picture entertainment at the Bijou or any other local theater next Sunday or any Sunday night, if the police department can prevent it," was the declaration coming from Sheriff Rose following his conference with Rev. John W. Wadman and Gilbert Waller at central station this morning.

"I took occasion to warn Dr. Wadman that should he repeat the offense against the territorial and municipal regulations which I have taken place at the Popular theater Sunday, September 27, those responsible for the breaking of the law would be held accountable."

The sheriff takes the stand, backed up, so he states, by a verbal opinion from City and County Attorney Cathcart, that all forms of entertainment save athletic exhibitions are prohibited by law on Sunday.

"I am prepared to enforce the regulation set forth in Act 15 of the session laws of 1905 to the letter, and should the Consolidated Amusement Company operating the Bijou theater, where a picture show is advertised for next Sunday night, wish to test the matter, I will have a force of officers stationed there to prevent the performance being given."

Sheriff Rose stated today that Dr. Wadman and others identified with the Church Federation and Anti-Saloon League had promised that no further moving picture entertainments would be given at the Popular or any other auditorium under their auspices.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear spectacles who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "window" may prove for themselves that they will not need glasses if they will use the following prescription filled with SHAC. Go to any active druggist and get a bottle of Optonax; fill a six-ounce bottle with water and add up to one Optonax tablet. With this simple liquid solution bathe the eyes two to four times daily and you are likely to be astonished at the result. Many who have been told that they have astigmatism, eye-strain, cataracts, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefit from the use of this prescription. Get this prescription filled and used; you may so strengthen your eyes that glasses will not be necessary. Remember, who are blind or nearly blind or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Glasses are only like crutches and must be changed to fit the ever-increasing condition, so better see if you can get clear, healthy eyes through the prescription here given—advertisment.

POPULAR THEATER HAS EXCELLENT BILL FOR THE CURRENT WEEK, PROGRAM INCLUDES HARRY LAUDER

Scene from "A Daughter of the Hills," in which Laura Sawyer is starred at the Popular theater for the current week, in a bill that runs a trifle above the average.

"A Daughter of the Hills," the "lead" film at the Popular theater for the present week, is a gorgeous and spectacular offering, introducing Laura Sawyer in a role that is new for her in Honolulu and one that is most pleasing. As the little shepherdess, who marries and reforms the Roman gladiator, she is a most charming little actress, while the scenery employed in the production is worthy of the highest commendation. For action the film could hardly be improved upon, a scene in the arena showing Nero—in one of his pleasant moods—giving the "office" of "thumbs down," which meant that some unfortunate gladiator should be butchered. The shepherdess, now the wife of the victorious gladiator, sees her husband do murder, and leaves him, fleeing to the Apostle Paul, recently arrived in the city. With the aid of the apostle, she succeeds in winning her husband back, and she succeeds in winning her husband back, and she succeeds in winning her husband back.

'PERILS OF PAULINE' WILL BE GIVEN UNIQUE PRODUCTION HERE

The Star-Bulletin and Popular Theater Will Handle News and Films of Big Feature

A striking innovation in the moving picture field in Honolulu, and one that has gained remarkable success in every city on the mainland where it has been launched, will be given to the Star-Bulletin in conjunction with the Popular theater.

In brief, there will be published each Saturday a full story of a big feature "movie" which will be presented during the week immediately following at the Popular theater.

One of the greatest film-series ever flashed on the screen has been secured for this newspaper-and-theater production—"The Perils of Pauline." This is a film in serial, carrying on a story of absorbing interest. Each week a complete story will be told and the next story of the series will be presented the following week.

"The Perils of Pauline" is being presented in a number of the big cities of the mainland. The Hearst Sunday newspapers are handling the news features, and the world-famous Pathe Players are producing the story in film form.

As a story of adventure, love and mystery, "The Perils of Pauline" has won wide fame in its early chapters. In beginning its publication soon, the Star-Bulletin will print a summary of these first chapters. At the point where the story and films first appear locally the story has become of great interest and the action is rapid and exciting. Week by week a synopsis of the preceding chapters will be given.

This plan enables the thousands of theatergoers in Honolulu to read an attractive story and then see it produced for the next few days. It has succeeded remarkably on the mainland and with a production of the merit of "The Perils of Pauline" given the splendid film-staging of the Pathe players, local playgoers are assured of a new and very striking feature in the amusement and theatrical field.

"HE GET WILD ALL RIGHT"

A native from Kauai said me a beautiful pheasant feather lei a few days ago. Mixed with the brown feathers were a few white ones. I asked what kind of bird the white feathers came from. He replied, "You know him, big white bird—what you call him, goose?" "Oh, yes," I answered, "goose; well, what kind of goose was it a wild goose or tame one?" His reply came right off the roof. "If you stir him up with stick, he get wild all right!"

You need not get wild waiting for photographic work at the Kodagraph Shop. Your films are developed and printed the same day they are received. Our eight-hour service in this department together with the excellent work turned out has made this shop the most popular in the city. HEADACHY, COSTIVE, BILIOUS,—"CASCARETS"

Sick Headache, Bad Breath, Sour Stomach, mean Liver and Bowels are clogged—Cheer up! Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.—advertisement.
